

Total Channel Control Versus 2L Canal Structures of Song Phi Nong O&M Project

Assoc.Prof.Dr.Varawoot Vudhivanich
Department of Irrigation Engineering
Kasetsart University
2013

DETHRIDGE METER

Cross regulator of 2L km 22+700

Spillways in 2L km22+700 in front of 5L-2L regulator

Duckbill weir 2L km42+000

Upstream control at the 1st night storage reservoir of 6L-2L

Module at 6L-2L

1st night storage reservoir of 6L-2L

Module at downstream of AVIO

AVIO

Not functioning module in 1R-5L-2L

2nd night storage reservoir in 6L-2L

Romijn weir

Romijn weir
